

Are You Disorganized?

DISORGANIZATION: (1) lack of organization or orderly arrangement (2) the destruction of the organization, system, or unity of something.

Do these pictures look familiar?

What is it costing you?

-  **TIME** taken away from your family, your hobbies, and the other things you love to do.
-  **TIME** wasted, deadlines missed, and often being late because you can't find the paperwork, the presentation, the tickets or your keys.
-  **MONEY** spent purchasing things over and over again because you can't find them.
-  **MONEY** spent purchasing the "latest" gadget that claims it will get you organized once and for all.
-  **SELF ESTEEM** - Isolation & Shame from being too embarrassed to have company in your home (or sleepovers for the kids).
-  **SELF ESTEEM** - Guilt from keeping gifts people have given you that you do not want or need.
